I'm also hoping to find national averages for those rates if possible, so we could compare the rates on charges filed in Utah to the national averages. Do you know if your organization has those data and if so, how I can access them? Please feel free to call or email me if I need to clarify this request further. 				<p>Employment Opportunity Commission, I am writing on behalf of myself and three economists at the Federal Reserve Bank of New York: Aysegül Sahin, Gizem Kosar, and Richard Crump. We recently encountered a BuzzFeed News article[1] that uses non-publicly available sexual harassment claims microdata obtained from the EEOC. We have examined this data (it was posted on GitHub[2]) and believe it could be very useful in our research, and we have a few questions regarding its coverage and availability. The data released to BuzzFeed News did not have any variables designating the geographic location of the claim. Are such variables available? More generally, are there any variables pertaining to the sexual harassment claims that were not included in the data provided to BuzzFeed News? Furthermore, is similar data available for other equal employment opportunity violations (not just sexual harassment claims)? If such variables and data are available, we would greatly appreciate being granted access to them for research purposes. We would use the data to examine the determinants of equal employment opportunity violations. More specifically, we plan to study the relationship between the earnings inequality and gender composition of an industry or region and the incidence of violations in that industry or region. We hypothesize that industries and regions with greater earnings inequality and a less diverse workforce experience more violations. We will devote special attention to sexual harassment claims in order to contribute to the current debate regarding gender inequality and the obstacles women face to advancement in certain industries, such as the entertainment industry and economics. Please let us know your thoughts. Your time and assistance are greatly appreciated. We are of course happy to share our findings with you. 820-2018-000111	Kolpak, Michelle	New Jersey Dept. of Labor & Workforce Development	2/14/2018	Good morning, I was on the website looking at some of the open data you have online. More specifically, I see that records of women and minorities are available to provide diversity data. We have some sources that we use such as the ACS (American Community Survey). The ACS we primarily use for the state as a whole, but break down by industry. However, sometimes that data is limited as the Census once broken down into more specifics becomes less reliable because of the sample size. For example, breaking that information down to a county or city and then searching for a specific industry within a city and the workforce diversification within that industry. Also understanding that some of that data may not be disclosed. I was wondering if this is the proper email to reach out for a few questions in regards to the data supplied by the EEOC. If this is not the correct email, can you please forward to the appropriate recipient? Some questions are as follows: - How is your data compiled? The reason I ask this is to see if the data compiled becomes broken down by more specifics, how much of that data can truly be accurate? Is there a large margin of error? - This brings me to the next question. Can the data supplied by the EEOC be broken down further? (Ex, County, city, Industry?) - If the data is able to be broken further down, is this information available online and where? - If it's not online and we have to put in an official request, how long will it take	Other Reasons - Request Withdrawn (to include conversion to Section 83)	3/8/2018

820-2018-000214A	(b)(3)(A)(i) & (b)(7)(C)		6/11/2018	Two days prior to mediation I learned my attorney Malissa Burnette was the wife of my employer's SC Association for Independent Schools and and Colleges. She did not disclose her conflict of interest, I learned in her profile when I looked up her husband's occupation. I filed a complaint with the SC Bar but it was dismissed. I was out \$10,000 in lawyer fees, unemployed and needing \$ to send my daughters to college. I saved the records but we had a basement flood and the records were destroyed. I could send a statement from State Farm. I have all other records related to this case except for documents to/from the EEOC and some attorney communication. However, since my bar complaint she did it again to another CIU employee, we are filing a complaint jointly to demonstrate her lack of disregard for the warning the investigator gave her. It being 2 days prior to mediation, I didn't have time to find another attorney but the mediation ended oddly. Anyhow, please consider resending my information related to this recent complaint with the SC. Bar. I also need it to demonstrate that Columbia International University was aware of systemic issues with men in positions of authority and their lack of disregard to mandated reporting, gender discrimination, public policy, federal regulations, etc. There are women who would like the school to be investigated and the school denies being aware of anything related to what they are complaining about and my case clearly demonstrates they did. In fact, the attorney making these claims is the same attorney they used for my mediation. If this isn't enough to honor my appeal, could you send a letter confirming I received a notice of a right to sue back in Dear Mrs. Garner, This is a request under the Illinois Freedom of Information Act, 5 ILCS 140. I am requesting: 1. Any EEO reports involving the University of Illinois at Urbana-Champaign that are based on a Title VII charge (race, color, national origin, sex, or religion) that were filed between January 1, 2015 to present. 2. Any records of employment discrimination charge files against the University of Illinois at Urbana-Champaign, that are completed investigations, that were filed between January 1, 2015 to present. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of government operations and activities. In addition, this work may appear in The Daily Illini, the independent student newspaper at the Urbana-Champaign campus. Thus, I am requesting a fee waiver for any potential costs, as the release of information will be published for public interest. If a fee waiver cannot be granted, please inform me of all costs before further processing the request. If the request is denied in whole or part, we ask that you justify all deletions by reference to specific exemptions of the act. We will also expect you to release all segregable portions of otherwise exempt material. We, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. Please let me know if you have questions, and if I can do anything to expedite this request. I look forward to hearing from you by May 20	Completely Affirmed	7/6/2018

820-2018-000278A	(b)(3)(A)(i) & (b)(7)(C)		8/6/2018	I mailed a priority mail box on July 16th and it is sitting in Houston at a post office that cannot find it and refused to deliver it. After a lot of calls from my post office in Iowa I filed a claim since I paid for insurance and am covered as priority mail is to be refunded if not delivered. I sent the receiver to the post office in Houston who were clueless and for over an hour sat on the phone talking to her boyfriend about getting laid tonight. I want my box back or refund me the money that I spent to cover postage and insurance that I had. I should not have to appeal something that I am owed rightfully by the Post Office. You lost the box or took it home and enjoyed my mail which is sad as well. Someone should not have to stop using the post office because one place in Houston doesn't do their job and has awful employees working there. 				<p>Hello, please consider the following my appeal to the above denial of my request: While I understand the EEOC is not obligated to release charge information or other records related to complaints and investigations, that is not what my request sought. My request sought records of other FOIA requests filed in regards to the named entity, Microsoft. There is no legal precedent to denying the release of such records. In fact, other federal agencies have already released such records—as a result of identically-worded requests—to me. It's one thing for the EEOC to have searched for such records and determined that it has none, but that is not what the agency's letter described. Instead, the EEOC is claiming that such records are exempt. This is simply not the case. The departments of Commerce, Education, Health and Human Services, and Justice have all released FOIA logs related to Microsoft to me. I ask that the EEOC do the same. Please reconsider</p>	Partially Affirmed & Partially Reversed/Remanded	9/5/2018

I'm not sure if other people are having the same problem. In any case, I will email the documents too to FOIA@eoc.gov with the corresponding request. I also am not getting an option to expedite the information, even though this appears as a section on the online portal. I submitted a FOIA request several months ago and received the results, but at that time was told that the EEOC database does not capture the specifics of "accommodation sought" and that I would need to request such information via a manual case-by-case search of investigative charge files. I am a second-year student at Yale Law School (and a former Summer 2018 legal intern in the Office of Commissioner Burrows) researching the role of the EEOC in handling sexual harassment claims involving unions, seeking information on the annual number of claims involving both the issues of union representation and sexual harassment, on the basis of Sex. This information will be used to publish an academic paper in administrative law. In order to help to determine my status to assess fees, you should know that I am affiliated with an educational institution, and this request is made for a scholarly purpose and not for a commercial use. I am seeking records pertaining to Title VII claims on the basis of sex that involve both the issues of union representation and sexual harassment. Specifically: 1. Annual data on claims involving both the issue of "Sexual Harassment" and the issue of "Union Representation" for all available years. Currently, the table "Bases by Issue (Charges Filed with EEOC)", available at <a href="https://www.eeoc.gov/eeoc/statistics/enforcement/bases_by_issue.cfm">https://www.eeoc.gov/eeoc/statistics/enforcement/bases_by_issue.cfm</a> , provides data on the number of claims involving Sexual Harassment (on the basis of Sex) and Union Representation (on the basis of Sex) separately for FY 2010-2017. I am interested in claims involving both issues on the basis of Sex, which should reflect the overlap of the currently available data. This request is fairly limited in scope. For example, in FY 2017, the publicly available table shows that only 59 claims on the basis of Sex involved the issue of Union Representation; my request would be a smaller subset of those claims that also involve Sexual Harassment. 2. Documents pertaining to Title VII claims involving the intersection of the issues of sexual harassment and	-	-

Garner, This is a request under the Freedom of Information Act. I am requesting that this FOIA request be expedited as the information being requested is essential for the accurate comprehensive completion of pending government paperwork. Please look at the attached description document for more information. I feel that this is a compelling justification for expediting this FOIA request, if a fee will be incurred, I can cover up to \$150 or more if required. This request although like the others I have recently submitted, has a limited scope and should be easy to approve and fulfill. I am requesting the following document(s): The specific documentation that I am seeking under the Freedom of Information Act was submitted to the EEOC by the USPS as part of a Federal Sector Complaint against me. This complaint would have most likely been submitted to the EEOC in May of 2018. However, the complaint could have been started/submitted anytime between 04/02/2018 to 07/30/2018, possibly earlier/later but I would say that mid/late May is the most likely time frame. I am requesting that the core complaint document or documents containing (the reason or reasons for the complaint, supporting witness statement information, dates and times, basic information) associated with the Federal Sector Complaint mentioned above be released to me as soon as possible. This documentation would have been added through the EEOC portal and or FedSEP. I am only seeking limited documentation as mentioned above. Please deliver this content digitally to my email address.
