Navigating to the upload screen

On the main menu screen after you log in, click “EEO1 Survey Data Filing Options.”
Navigating to the upload screen

Select “Upload Data File,” then click “Next.” Answer the questions that follow.
If you answered “No,” the system will not let you continue. You must update the establishment numbers in your HRIS before uploading (see Screens 29 – 32 for help with this).
Navigating to the upload screen

2. Has your company experienced a merger or any acquisitions?
   - Yes
   - No

If you answered “Yes,” the system will not let you continue. Mergers and acquisitions should be handled prior to uploading your file. Send an email to [E1.ACQUISITIONS MERGERS@EEOC.GOV](mailto:E1.ACQUISITIONS MERGERS@EEOC.GOV) regarding the details of the acquisition(s) and/or merger(s).

(For more information regarding acquisitions and mergers, see Screens 118 – 123)
If you answered “Yes,” once your file is uploaded, you can close these establishments manually or by emailing a CSV file including establishment numbers of all closed establishments to EEO1.Upload@eeoc.gov
Navigating to the upload screen

Once you have answered all of the questions, click “Next” to continue.

Clicking “Cancel” will take you back to the data filing options screen.
Step 1: DataUpload

Uploading your file

Select which data file type you will be uploading (click the “Detail” or “Summary” link next to each file type for an example).
Step 1-A: Data Upload

Uploading your file

**DATA FILE 1**
Data File 1 is a fixed-length file and must be in an ASCII/TXT format.
Step 1-B: Data Upload

Uploading your file

DATA FILE 1

For single-establishment companies, there will be only one data record in the data file indicated as Type/Status Code-1.

For multi-establishment companies, Data File-1 includes data records for Type/Status Codes 2,3,4,9 and 8 (Type/Status Codes 8 are used if the employer is not submitting Type 6 records for the establishments employing fewer than 50 employees). Type/Status Code 9 data records are for establishments reporting for the first time in the current year's EEO-1 survey. Type/Status Code 8 data records are for establishments employing fewer than 50; however, employment data categorized by race/ethnicity, gender and job category must be provided for each Type/Status Code 8 data record.
Step 1-C: Data Upload

Uploading your file

**DATA FILE 2**
Data File 2 is a fixed-length file and must be in an ASCII/TXT format.
Uploading your file

**DATA FILE 2**
This file is used for establishments with less than 50 employees. Multi-establishment employers can use this to create Type 6 reports. The file is of fixed length and is usually extracted from the company's payroll system.

**NOTE**

Before uploading this file, the system will delete any Type 6 reports that were uploaded or entered for this year’s survey.
Step 1-E: Data Upload

Uploading your file

DATA FILE 3

Data File 3 contains the same information as "Data File 2", but is in a **Comma Delimited format (CSV)** that can be created from almost any spreadsheet program. This may be the easiest and quickest way to enter "Type 6 Reports" for Establishments with less than 50 employees.

**NOTE**

Before uploading this file, the system will delete any Type 6 reports that were uploaded or entered for this year’s survey.
Uploading your file

**DATA FILE 4**

Data File 4 contains the same information as "Data File 1", but is in a **Comma Delimited format (CSV)** that can be created from almost any spreadsheet program.
Step 2: Data Upload

Uploading your file

Click “Choose File” and select the file you want to upload.
Uploading your file

NOTE

EEOC only accepts the following file formats:

.txt
.csv

If you are unsure about how to format your data file for upload, or if you want more information about EEO-1 data files, navigate to www.eeoc.gov/eeo1survey and locate the links under the heading “Data File” in the callout box titled “Alternate EEO-1 Reporting Formats” on the right hand side of the page.
Step 2-B: Data Upload

Uploading your file

Navigate to the folder on your computer where your company’s data file is located, and select the file.

The name of the document you chose for uploading will appear next to the “Choose File” button so you can ensure you have selected the correct document. If the file is correct, click “Continue” to move to the next step.
Step 3: Data Upload

Errors and warnings

There are four possible results to the test.
1. There are errors and warnings in your file.
2. There are errors in your file.
3. There are warnings in your file.
4. There are no errors or warnings in your file.

These results will be accompanied by a list of errors and or warnings in the data file you chose for testing. You must correct the errors in the file before uploading. The warnings can be corrected either in the file or later in the electronic system. All records without warnings or errors are marked as “OK.”
Step 4: Data Upload

Errors and warnings

Go through the list of errors/warnings and correct them in the original file for upload.

Need help with errors? Read the “EEO-1 Data Upload Error Fact Sheet” located on https://www.eeoc.gov/employers/eeo1survey/data-upload-errorcfm
Errors and warnings

At the bottom of the warning/error report, you can see the total count of establishment reports that are OK, that have WARNINGS, and that have ERRORS.

You can print this warning/error report for your reference by clicking the “Print This Page” button.
Errors and warnings

Before uploading the file for re-test, the records with errors must be corrected or removed from the file.

Click the “Back to Test File” button to re-test the data file once you have corrected the errors in your file.

NOTE

If you remove the records with errors from your file they must be entered manually using the online form’s filing method. (See Screen 61).
Errors and warnings

Once you have fixed all of the ERRORS in your file and uploaded it for testing again, you might still have some WARNINGS. This will not impede your ability to upload the file. However, you will still have to fix these warnings in the online form before certifying your report.
Step 8: Data Upload

Errors and warnings

Once all of the ERRORS have been fixed in your file, scroll to the bottom of the ERRORS/WARNINGS screen and click “Continuing to the next step” to load the data from your file into the online EEO-1 online system.
Step 1: Data Upload

Reviewing uploaded information

On this page you will be able to see information about the establishments that were included in your data file.

NOTE

Once you click “Continue to Next Step,” you will not be able to upload data for the establishments listed on this page again. But, you will be able to edit the data manually using the online form, and you still have to CERTIFY the report.
Step 2: Data Upload

Reviewing uploaded information

Once you have reviewed the information on this page, read the disclaimer message, check the “Yes, please continue” box and click “Continue to Next Step.” **THIS WILL ONLY UPLOAD YOUR DATA TO THE EEO-1 ONLINE SYSTEM. You still have to CERTIFY your report!**
Step 3: Data Upload

Reviewing uploaded information

You will now see your data in the online filing system’s “Edit EEO-1” screen. You can add, delete, or modify any information present on this screen manually. You must process all establishments marked with a checkmark for incomplete.
Once all establishments are marked as complete, a message will appear on the top of the screen, asking you to certify. Click “Certify Reports” to proceed with certification.
Step 2: Data Upload

Certifying

The certification screen will present you with a summary of your survey and a statement of certification. Check the box stating that the information you provided is accurate, then click “Certify” to finalize your EEO-1 Survey.

You MUST click the “Certify” button to submit your report, or it will be considered incomplete and therefore unacceptable for submission.
Step 3: Data Upload

Certifying

When you see the following screen, you will know your report has been completed and certified. Your obligations for the EEO-1 Survey have been met.

Thank You!

Thank you for completing the EEO-1 Report. Your use of the online version is greatly appreciated.

It is suggested that you print a copy of the EEO-1 reports for your records. If you wish to do so, you will direct you to a screen that allows you to print this year’s completed EEO-1 forms. There is an option to print the forms in both PDF and HTML format. If, after reviewing your reports, you find an error, please call our toll free customer service number at 1-877-392-4647.

Print Reports Screen  Log Out

Main Menu
Filing Via the “Complete Online Form Method”

If “Upload Data File” was selected, use instead.
Step 1: Complete Online Form

Establishment list screen

If “Complete Online Form” is selected, you will be taken to a screen with a list of your establishments.

![Establishment list screen](image)

**NOTE**

If this is your company’s first time filing the EEO-1 survey, you will only see a Type 2 and 3 report. You will be able to add your other establishments as needed. Also, the Type 2 and 3 report will show the same establishment number, name, and address, but both reports are different. See [Screens 65 – 73](#) for report type info.
If your company is a single-establishment (i.e. only has one establishment/location), you will see only one report listed as a Type 1 report. You are only required to fill out this one report.

You will not see a listing of establishments; instead, the system will guide you through filing for your sole establishment.
If your company is a multi-establishment (i.e. has more than one establishment/location), you must fill out a report for each of your establishments. To add a new establishment, refer to Screens 87 – 92.
Step 1: Complete Online Form

List of report types

**Type 1** – Single-establishment report; used only for companies that have one establishment/location.
List of report types

Type 2 – Consolidated report; contains the total employee breakdown for all of your establishments combined.
List of report types

Type 3 – Headquarters report; contains the employee breakdown for *only* your headquarters establishment.
List of report types

**Type 4** – For an establishment with more than 50 employees; contains a breakdown of the employee count.
List of report types

**Type 6** – For an establishment with less than 50 employees; contains only the address and total number of employees for the establishment.

(See [Screen 72](#) for additional information regarding Type 6 reports).
Step 1-E: Complete Online Form

List of report types

Type 7 – Reconciliation report. This report will inform you if there are any data entry errors in your survey. This report is only applicable to you if you have any Type 6 reports.

See Screens 102 – 104 for additional information regarding the reconciliation report.
List of report types

Type 8 – For an establishment with less than 50 employees; contains a breakdown of the employee count.

(See Screen 72 for additional information regarding Type 8 reports).
List of report types

**NOTE**

If you choose to do Type 6 reports, your numbers for your Type 3, 4, and 6 reports will not auto-populate the data entered into your Type 2 report. You will need to go into your Type 2 report and manually input all the data from each of your reports.

If you choose to do Type 8 reports, the numbers for all of your establishments will auto-populate the data-entered into your Type 2 report (and the system will prevent you from inputting the numbers yourself). You can only do one or the other.
Step 1-H: Complete Online Form

List of report types

To switch from a Type 6 report to a Type 8 report (or vice versa), send a request by email with your company ID number and contact information to e1.techassistance@eeoc.gov
To begin filling out information for a report, under the “Action” heading select “Edit,” and then click “Go” for the establishment you would like to work on.

Clicking “Go” here will take you to this specific establishment’s report.
Inputting your data

Verify that the information in all fields are correct and click “Save and Continue.” If address is incorrect, click the address box to edit it (See Screen 20 for more information on how to edit address).
Step 3: Complete Online Form

Inputting your data

Enter your NAICS code in the box. Then click “Save and Continue.” If you do not know your NAICS code, see the following screen for guidance.

The North American Industry Classification System (NAICS) is the standard used by Federal statistical agencies in classifying business establishments for the purpose of collecting, analyzing, and publishing statistical data related to the U.S. business economy.
Step 3-A: Complete Online Form

Inputting your data

You can search for your NAICS code by typing key words or numbers, and then selecting the option from the drop-down menu that best describes your establishment’s industry.
**Step 4: Complete Online Form**

**Inputting your data**

Input the correct number of employees for each relevant row and column. Totals will add up on their own.
If a category has no employees, you may leave the box blank or put a “0”.
Step 4-B: Complete Online Form

Inputting your data

EXAMPLE:
If the establishment has seven Hispanic/Latino males whose jobs categorize as “Executive/Senior Level Officials and Managers,” put “7” in column 1, row 1.
Step 4-C: Complete Online Form

Inputting your data

**NOTE**

After 15 minutes, the system will automatically log out unless you click the “Save” or “Save and Continue” button at the bottom. You can see your timer at the top left of the matrix.
Step 4-D: Complete Online Form

Inputting your data

Clicking “Save” will save your work and restart the timer at the top of the page.

Clicking “Save & Continue” will save your work and take you to the next step.

Clicking “Cancel” will take you back to the screen containing your list of establishments without saving your progress.
If the company has 50 or more employees AND a government contract of $50,000 or more (or is a financial institution), select “Yes.” If not, select “No.”

If you selected “Yes,” enter your establishment’s Dun and Bradstreet identification number if you have one. This number is a unique nine-digit identifier for businesses used to establish a business credit file, which is often referenced by lenders and potential business partners to help predict the reliability and/or financial stability of the company in question.
Inputting your data

Select the dates of the payroll period used for the report. The dates used should encompass the start date of the desired pay period and the end date of the desired pay period. The starting date must be earlier than the ending date.

Date(s) of payroll period used:

October 23 2017 to October 30 2017

NOTE

You may only use data pulled from any one payroll period in October, November or December of the reporting year.
The Remarks section is to add anything you feel is noteworthy regarding the establishment. Otherwise, you may leave it blank.
Finally, click “Save and Continue.” You will be taken back to the page with your list of establishments. Under the “Status” column for the establishment you finished, you will see a for “Complete.” Reports with an for “Incomplete” will need to be completed.

*If you are a single-establishment company when you click “Save and Continue,” you will be taken to certification (Screen 99).
Step 1: Complete Online Form

Adding a new establishment

If your company has new establishments/locations, you must file for those establishments as well.

NOTE

If the establishment was obtained by an acquisition or merger, you must follow a different process. See Screens 118 – 123 for instructions regarding an acquisition or merger.
Step 1-A: Complete Online Form

To see where any errors are, click the “Go” button under the “Action” column for the reconciliation report. You will be taken to a matrix that shows the breakdown of these errors.

Acquisitions and Mergers

**Acquisition**

An acquisition is a corporate action in which a company buys most, if not all, of the target company's ownership stakes in order to assume control of the target firm.
Acquisitions and Mergers

Acquisition

If your company has undergone an acquisition, send an email to
E1.ACQUISITIONSMERGERS@EEOC.GOV

Your email should include the name, address, and company
number/login ID of both the acquiring and the acquired companies.
Acquisitions and Mergers

**Acquisition**

Acquisitions and Mergers

**NOTE**

**Asset Acquisition vs. Acquisition**

In an asset acquisition, only the assets of a company are purchased, rather than its shares.

If this is the case with your company, you do not need to report for that establishment/location.
Acquisitions and Mergers

Acquisitions and Mergers

Merger

Regarding PEOs

A *Professional Employer Organization (PEO)* provides services to employers allowing them to outsource management, payroll and other activities associated with the employer to the PEO.

A PEO must report for all establishments of the companies they are filing for. They may not simply file a multi-establishment company as a single Type-4 establishment.
Regarding PEOs

Q. We are a PEO, do we file for our clients under our company as establishments or do we file for each as a separate entity with its own Company Number?
A. As a PEO you will report your clients as establishments under the parent company, your PEO’s Company Number.

Q. As a PEO many of our clients are companies that do not meet the requirements to file individually. Should they be included in our EEO-1? If so, how should they be reported?
A. Client companies of a PEO that on their own are not subject to EEO-1 filing requirements are excluded from the PEO’s EEO-1 reports.
Regarding PEOs

Q. Our PEO dropped service to a client, how do we treat this establishment?
A. Establishments that previously had been reported by a PEO but no longer and do not meet the requirements to file individual, must be deleted. If employees appear at these establishments later assigned unit numbers that were deleted may be retrieved. However, if the establishment does meet the requirements to file you will need to contact e1.spinoffs@eeoc.gov

Q. Our PEO has several clients who we handle. These clients fall under our PEO EIN number and we report payroll and taxes for these client/employees. When submitting them on the EEO-1 report, do I use our company EIN number for ALL clients OR do I use the EIN number of each client when submitting the report?
A. If the establishments fall under your PEO’s EIN for payroll and taxes you will use the PEO’s EIN for all establishments
Troubleshoot/FAQs

Q. How do I change/update my contact person information?
A. If your EEO-1 contact person information has changed, submit a letter on company letterhead signed by an authorized company representative, indicating the updated contact's name, title, phone number and email address to the EEO-1 Joint Reporting Committee at E1TECHASSISTANCE@EEOC.GOV Please remember to include your company number (if known) in your request.

Q. When I try to log in, it says the information I entered is invalid.
A. Double-check to ensure that you are inputting your password without any spaces in it (manually typing in your password can help). Additionally remember that the password you used for the EEO-1 report in previous years will no longer work for the new reporting year. To obtain your new password for the year please refer to Screens 7 – 9.

Q. Do public non-profit, tax-exempt establishments need to file the EEO-1 report?
A. Yes.
Troubleshoot/FAQs

Q. I’m trying to add a new establishment, but I got an error that says “Error: EIN already in use.”
A. This error means this same EIN is already in use by another company completing their EEO-1. Please email E1.TECHASSISTANCE@EEOC.GOV with your company number/login ID and the establishment you are trying to create, along with the EIN you attempted to enter.

Q. I received two different login IDs for my company. Which one should I use?
A. If you received two different login IDs, your company may have accidentally been registered in the system twice. Send an email to the acquisitions and mergers department at E1.ACQUISITIONSMERGERS@EEOC.GOV with your contact information and both login IDs, and they will help correct the issue.

Q. My employee regularly reports to two different establishments. Which establishment should I put them under?
A. Report the employee to the establishment they spend the majority of their time in. If it is equal, you may choose which establishment to report them under. You may not report them in both establishments.
Troubleshoot/FAQs

Q. How do I report for employees that work from home?
A. Employees who telework, i.e. work from home, must be included in the EEO-1 report for the establishment to which they report. DO NOT indicate home addresses for these employees.

Q. If my company is an employment/staffing agency, how should I report for leased employees?
A. Leased Employee means a permanent employee provided by an employment agency for a fee to an outside company for which the employment agency handles all personnel tasks including payroll, staffing, benefit payments and compliance reporting. The employment agency shall, therefore, include leased employees in its EEO-1 report out of the establishment where their payroll is being handled. This will not include persons who are hired on a casual basis for a specified time, or for the duration of a specified job.

Q. How do I account for seasonal or part-time employees?
A. Part-time employees should be included in the EEO-1 report. Seasonal employees should not.
Troubleshoot/FAQs

Q. If I have employees who regularly report to a physical establishment that my company does not own but just leases, do I still need to submit a report for that establishment?
A. Yes. Leased property locations are included. You will report those employees under that address.

Q. Can I submit a paper copy of my EEO-1 report?
A. An employer who claims that preparation or the filing of Standard Form 100 would create undue hardship may apply to the Commission for a special reporting procedure. In such cases, the employer must submit in writing a detailed alternative proposal for compiling and reporting information to: EEO-1 Survey Coordinator, U.S. Equal Employment Opportunity Commission (EEOC), Office of Research, Information and Planning, Program Research and Surveys Division, 131 M St., NE, Washington, DC 20507. Only those special procedures approved in writing by the Commission are authorized. Paper EEO-1 forms will be generated on request only, in extreme cases where Internet access is not available to the employer.
Troubleshoot/FAQs

Q. What about employees who work at client sites?

A. It has come to the EEOC’s attention that there may be some confusion as to how employers are to report employees working at client sites.

Some employers have been reporting the address of client sites for employees, while other employers have instead been rolling those employees up to a non-client site employer address.

Given this confusion, employers will not be considered “non-compliant” if they have chosen one approach over the other – either reporting by client site or by non-client site employer address.

EEOC is considering how to address client site reporting.
