Resolutions - National Origin-Based FY 2016 - FY 2020

- Resolutions - All charges closed in the administrative process, comprised of charges with no cause findings, administrative closures, and merit resolutions.
- No Reasonable Cause – EEOC’s determination not to proceed further with its investigation. This determination does not certify that the respondent is in compliance with the statutes EEOC enforces. In issuing this determination, the EEOC makes no decision about the merits of claims alleged in the charge or of any other issues that could be construed as having been raised by the charge. The charging party may exercise the right to bring a private court action.
- Administrative Closures - Charge closed for administrative reasons without a determination based on the merits, which include: lack of jurisdiction due to untimeliness, insufficient number of employees, or lack of employment relationship; charging party requests withdrawal without receiving benefits; or charging party requests the notice of right to sue.
- Merit Resolutions - Charge resolved with an outcome favorable to charging party or charge with meritorious allegations. These are comprised of negotiated settlements, withdrawals with benefits, successful conciliations, and unsuccessful conciliations.
